Women's Evening Golf League

To Women Golfers:

March 12, 2022

Looking out at the snow falling I thought, this is the day to write to all of you about our Women's Evening League this year. It's bound to lift your spirits. Next week's weather forecast is mostly clear and high above 50 degrees. Today's snow should be gone in no time. Sounds like opening the golf course for play can't be that far away.

We invite you to return and new women join our Women's Evening Golf League for the 2022 golf season. After the long winter we owe it to ourselves to get up and outside more so we can feel healthier, get more exercise and have more fun! A weekly 9 hole golf league is the answer!

Our intention is to run an informal league to have some fun, learn a little from each other and just enjoy the game of golf. We provide an opportunity for women of all abilities to play golf on a weekly basis in a casual supportive environment. The women range in age from 30 to 75. Our goal is to have 40 women so we can earn extra credits from the golf course for use at our End of Season Golf Tournament. In 2021 we had 32-39 at the start and ended the season with about half of that. Many new faces. I believe all the rainy Wednesdays really hurt us and people lost interest. The league is usually about 24 golfers. We play golf with a group of women who range in ability from pretty new golfer, to experienced lower handicappers. (One does need to have taken a golf lesson or two and hit balls at the driving range before you start). We see women improve their game a great deal during the league time through fall. The women are encouraging, relaxed and are non-judgmental of each other. Just play ready golf. This means be ready to take your next shot when the person ahead of you takes hers. You can play in any foursome you wish. Many of us change who we play with each week. In early season I will be on the tee to help group foursomes and set the pace for the 9 hole round. After that we are on our own.
