

## **2011 Early Spring 2-Player Shamble**

On a beautiful, sunny day we had 42 golfers participate in our second club tournament of the year. This competition is usually played as a 2 player scramble, but we changed the format to a *shamble* for the 10<sup>th</sup> year of the event. A Shamble is where the team uses the best tee shot but than each golfer plays their own ball until holing out. The team score is the best individual score of the two. Airway Meadows would like to thank all participants and congratulate all the winners who are listed below.
